

# ADVANCED CHIROPRACTIC & ALLERGY RELIEF

(602) 866-3500

## NEW PATIENT INFORMATION

In order to receive the best possible treatment, it is important to read and understand the following information:

- Successful elimination of allergies/sensitivities may require clearing preliminary allergens determined in the initial assessment, such as vitamins and/or minerals. If components of allergens are not cleared, the treatment will not be successful. Because of this important factor, the initial allergens are treated in a specific order. For example, sugar needs to be treated before an allergy to alcohol, grains or fruit.
- After any possible preliminary allergies/sensitivities are cleared, you may eliminate any allergy/sensitivity in any order, including remaining food items, inhalants, environmental allergies, contactants, etc.
- It is possible to treat numerous items in one treatment if they are in the same family. For example, all dairy products (milk, cheese and yogurt) and calcium may be treated together. But dairy and wheat, or tomatoes and pollens may not be cleared at the same time. The treatment will not be successful.
- The average allergy/sensitivity typically requires only one treatment, however a case may involve more than one treatment for an allergy/sensitivity to clear. Advanced Allergy Therapeutics cannot guarantee that each allergy/sensitivity will only take one treatment.
- When treating a condition (rather than an isolated allergy), multiple items may be contributing. Therefore such conditions may require multiple treatments. Some patients will reduce 1 symptom, only to experience another symptom of another issue.

Please adhere to the following guidelines:

- Do not smoke or wear strong perfume 2 hours prior to a treatment. These odors can affect the testing and treatment of yourself and other subsequent patients in the clinic.
- Do not eat candy or chew gum during the treatment.

### Office Policies

- **24-hour cancellation of appointment is required! A late cancellation or no show fee of 50% WILL BE charged.**
- Please arrive 10 minutes prior to your appointment time. Late arrivals may result in a late cancellation fee.
- Payment is due at the time services are rendered.

Initial Allergen Evaluation for  
Patient's Name \_\_\_\_\_

These are the initial items we will test for. If you suspect any others please list them in a blank field.

	Food Phenolics	Coffee Mix	Fruits	Pollens
	Eggs	Chocolate	Alcohol	Trees
	Chicken	Soy	Vinegar	Grasses
	Turkey	Beans	Fish/Seafood	Weeds
	Meats / Protein	Glutamates	Spices	Flowers
	Calcium	Amines	Artificial Swtnrs	Plant Phenolics
	Milk / Dairy	Salicylates	MSG	Plants
	Vitamins	Artificial Colors	Nuts	Molds / Mildew
	Minerals	Artificial Preserves	Tomato	Fungus
	Sugar Mix	Artificial Flavors	Potato	Dust / Dust Mites
	Salt Mix	Flavor Enhancers	Digestive	Cats
	Grains / Wheat Mix	Corn	Vegetable Kit	Dogs
	Yeast			Internals
	Caffeine
